

# Certificate of Source

We hereby certify the  
Koa tonewood utilized in this instrument  
Oregon Wild Wood item # \_\_\_\_\_, was sourced as follows:

The Koa Wood in this instrument was sourced directly from the Hawaiian Islands. Other varieties of Acacia are found globally, but Koa is unique and native only to Hawaii. Our sources are long established Hawaiian families that carefully manage their lands to preserve the ecology to support and utilize the production of Koa and other forest products. Most Koa comes from the Island of Hawaii, though it can also originate in Maui, Kauai or elsewhere.

This high quality wood is rare and represents only a small percentage (1-2%) of the Koa harvested. Less fancy Koa is utilized in fine furniture and other products. To the best of our knowledge, the harvest, acquisition and handling of this Koa was in compliance with all applicable laws.
